

Grandparents as Parents

Free Education and Support Group

Meets online via secure telehealth video call

This group is specifically for grandparents who are the primary caregivers of their grandchildren.

If you or someone you know are struggling with isolation and raising young grandchildren, and would like to connect with others and increase your parenting skills, this is the group for you!

This no-cost education and support group offers an opportunity for grandparents who are raising their grandchildren to connect with others going through similar experiences.

Attendees are invited to discuss family relations, health concerns, parenting and discipline, financial concerns, and community resources. The group will set the goals and the therapist will work with the group to meet their needs.

Group starts Thursday, April 22, 2021.

The group meets every
other Thursday:
